Subject: Ex: Transportation Competition Proposal Deadline Extension

Hello everyone,

In light of recent events regarding **COVID-19**, there have been many questions about the conference and its continuation. As of right now, we are not officially canceling the conference as a whole, so we are going to continue on with select technical competitions as we can. With that being said, we will be extending the submittal deadline for the **Transportation Project** by one week, so all submittals for the transportation project proposal will be due by **March 22nd at 11:59 pm.**

As the situation unravels, we are assessing this both at the student level and as those who are concerned about the well being of everyone that can be affected by this on all fronts. We appreciate everyone's patience during such trying times and thank you for all your hard work and dedication.

Schools are free to submit/resubmit their project proposals until their respective deadlines.

--

Best,

Technical Events Team

Pacific Southwest Conference 2020
